

LUSTY EMS

Dolly

HIGH QUALITY • DURABLE • STRONG

The Lusty EMS Dolly is a rugged, multi-purpose dolly, with a highly efficient sandwich plate construction and galvanised frame as standard. The Lusty EMS Dolly is uncomplicated and robust, giving you the reliability you have come to expect from Lusty EMS.

The Lusty EMS Dolly's modular design also means there are a variety of available options, which can be easily configured to suit many requirements. Options such as tandem or tri-axle configuration, three-position drawbar, paint alternatives and customised drawbar lengths give the Lusty EMS Dolly great flexibility for any transport task.

Features & Benefits

Sandwich Plate Chassis - 30% stronger than RHS with no tare weight penalty

Angled Drawbar Tube - to allow product and road debris to fall off (non-angled design available as an option)

Galvanised Finish - for long lasting durability and no paint chips (painted finish also available)

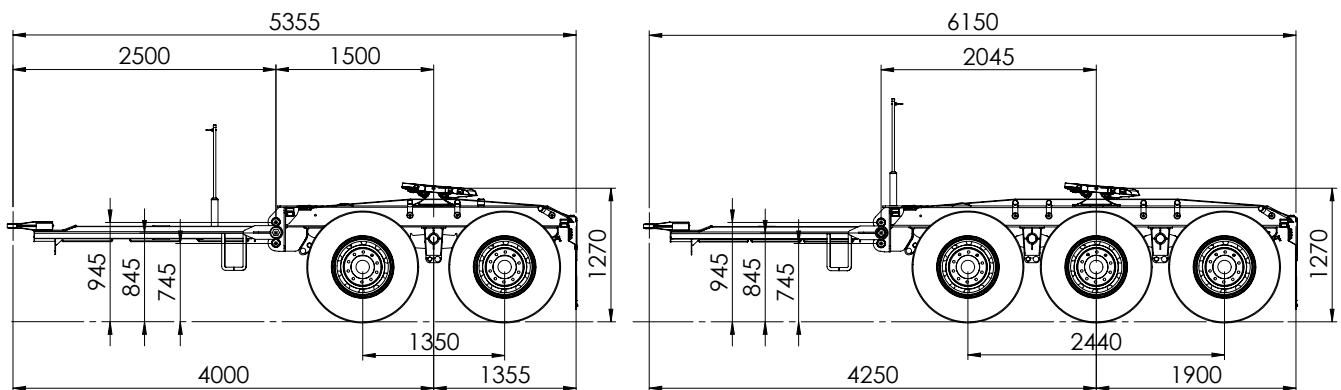

3 Position Interchangeable Drawbar Height - for optimum drawbar angle
