

# Market Leader in ThermoTechnology

The patented FERROPLAST® panels

Patented in 1978 Schmitz Carobull's FERROPLAST® panel technology has quickly become the market leader all across Europe. Ferroplast bodies combine the increased insulation properties of NX-17 polyurethane hard foam with durable steel skins.

- No water ingress into the panels no weight gain over time.
- Low heat storage capacity faster pull-down times.
- Age resistant steel covering skins never get brittle.
- Easy repairs low cost and more uptime.

## S.KO COOL refrigerated semi-trailer

Australia's most efficient refrigerated trailer

### Advantages at glance:

- Superior thermal qualities
- Cost-efficient
- Easy to repair
- Energy-efficient
- Easy to clean
- Age-resistant
- Vapour diffusion-tight

S.KO-COOL-FLY-DEDAU-9692-1119 We reserve the right to make changes. Some illustrations with special fittings.

**Insulated roller door.** (Optional)

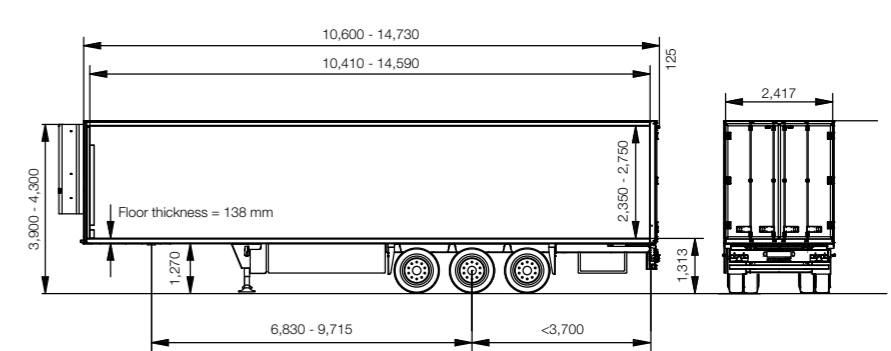

**Four lip door seals** perfectly protect the trailer from the loss of cold.

**The air circulation wall** on the front bulkhead ensures an energy-efficient flow of air. **Flexible cooling ducts** for the distribution of cold air. (Optional)

**Multi Temp Zones** with exact temperature settings. (Optional)

## S.KO COOL refrigerated semi-trailer

### Standard features:

- Reinforced forklift rated floor (7.2 t forklift axle load)
- Auto Reset to ride height (> 16 km/h the EBS system resets to its ideal ride height automatically)
- Galvanized bolted sub chassis for extra strength and durability
- ABS, EBS and Roll Stability Program (RSP)
- SAF axles
- Reinforced skid plate (10 mm)

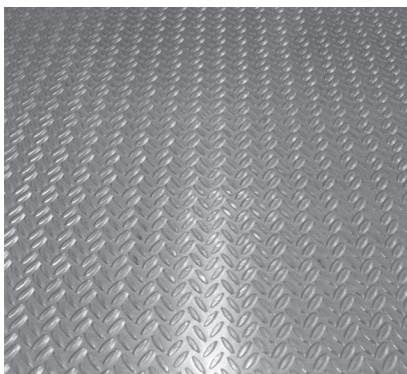

### After-sales and spare parts support:

- 26 trained service and repair partners

### Optional extras:

- BPW axles
- Toolbox
- Water tank
- Wheel carrier
- Trailer Information Module (TIM)
- Dynamic Ramp Protection (DRP)

**High quality barley seed aluminium floor** with 7.2t forklift axle load.

**The fully welded all-around kick strip** protects the floor from water ingress.

**Fully recessed load securing tracks.**

**The fully recessed double deck system** with 1,000 kg payload per beam. (Optional)

**The pivoting handle** ensures the safe and easy catching of the doors, close to the sidewalls.

**The pull-out ladder** makes entering the trailer safe and comfortable.
